Where great science and great teaching meet

REVEL™ for *Psychology: Core Concepts* provides rich coverage of the foundational topics taught for introductory psychology. Award-winning authors Philip Zimbardo, Robert Johnson, and Vivian McCann make the material meaningful and memorable for students. Each major section of every chapter is organized around a single core concept. The core concepts allow readers to draw connections across the chapter and to see the big picture of psychology. Learning is then reinforced through focused application and critical-thinking activities. REVEL for the Eighth Edition introduces many new and exciting developments in psychology, such as the exploding field of epigenetics, initiatives to develop brain-based alternatives to the DSM-5, and Bandura's theory of moral disengagement.

REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience — for less than the cost of a traditional textbook.

NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.
