## **Polymers All Around You (2nd Ed)** Mickey Sarquis, Linda Woodward

This booklet presents information and lessons on an exciting group of materials called polymers. To a chemist, polymers are special and interesting because they are the giants of the molecular world and because they have a tremendous variety of useful properties. The word polymer might be unfamiliar to you, but polymers themselves are probably the most familiar materials in your life. In fact, without polymers, life as we know it would not even exist.
