Prince Charles: The Passions and Paradoxes of an Improbable Life

Sally Bedell Smith

Prince Charles: The Passions and Paradoxes of an Improbable Life Sally Bedell Smith
From the *New York Times* bestselling author of *Elizabeth the Queen* comes an illuminating and revelatory new biography of the man who has waited his whole life to be king. This is the first major biography of Prince Charles in more than twenty years, drawing on extensive access to his inner circle, and filled with new insights into his family and his two marriages.

Sally Bedell Smith returns once again to the British royal family to give us a new and authoritative look at Prince Charles, the oldest heir to the throne in more than three hundred years. This vivid, eye-opening biography—the product of four years of research and hundreds of interviews with palace officials, former girlfriends, spiritual gurus, and more—is filled with fresh insights into Charles’s life, in and out of the public eye.

Prince Charles brings to life the real man, with all of his ambitions, insecurities, and convictions. It begins with his lonely childhood, in which he struggled to live up to his father’s expectations and sought companionship from the Queen Mother and his uncle Lord Mountbatten. It follows him through difficult years at school, his early love affairs, his intellectual quests, his entrepreneurial pursuits, and his intense search for spiritual meaning. It tells of the tragedy of his marriage to Diana; his eventual reunion with his true love, Camilla; and his relationship with William, Kate, Harry, and his grandchildren.

Ranging from his glamorous palaces to his country homes, from his globe-trotting travels to his local initiatives, Smith shows how Prince Charles possesses a fiercely independent spirit and yet has spent more than six decades waiting for his destined role. His life is dictated by protocol, yet he often struggles to obey it. He seeks influence and authority, yet he lives perpetually in the shadow of his mother and the beloved next generation of royals. With keen insight and the discovery of unexpected new details, Smith lays bare the contradictions of a man who is more complicated, tragic, and compelling than we knew, until now.

This is the first authoritative treatment of Charles’s life that sheds light on the death of Diana, his marriage to Camilla, and his preparations to take the throne one day. Drawing upon hundreds of sources, many of whom are speaking on the record for the first time, *Prince Charles* is the surprising and definitive portrait of the man who will be king.

Author of bestselling biographies of Queen Elizabeth II; William S. Paley; Pamela Harriman; Diana, Princess of Wales; John and Jacqueline Kennedy; and Bill and Hillary Clinton. A contributing editor at *Vanity Fair* since 1996, she previously worked at *Time* and *The New York Times*, where she was a cultural news reporter. In 2012, Smith was the recipient of the Washington Irving Medal for Literary Excellence. She is the mother of three children and lives in Washington, D.C., with her husband, Stephen G. Smith.

Advance praise for *Prince Charles*

“Prince Charles is an eighteenth-century gentleman with a twenty-first-century mission. His love of tradition combines with an outlook that can be bracingly avant garde. Sally Bedell Smith captures his contradictions and his convictions in this fascinating book that is not just about a man who would be king, but also about the duties that come with privilege.”—**Walter Isaacson**

“For all we know about Prince Charles, there is so much we didn’t know—until now. Sally Bedell Smith has given us a complete and compelling portrait of the man in the shadow of the throne. It’s all here, from the back stairs of the palaces to the front pages of the tabs. Read all about it!”—**Tom Brokaw**
