Santa Claus is going to town! Marring the magic of Scanimation with the universally beloved figure of Santa Claus, *Santa!* is a holiday book unlike any other.

It presents a Santa that readers have never seen before?acrobatic, playful, a little mischievous, filled with joyful energy. Here's Santa hula-hooping. Santa juggling. Santa doing cartwheels and Santa on a unicycle. Children, as they did with *Gallop!*, will want to imitate Santa's irresistibly happy motions. The grown-ups will be unable to stop smiling?it's hard to imagine a cooler character than this jolly St. Nick as he runs, spins, gyrates, backflips, and blows big bubbles.

Scanimation is the technology behind the instant *New York Times* best-selling series that started with *Gallop!*, to most recently *The Wizard of Oz*. Author and inventor Rufus Butler Seder continues to refine the Scanimations, with ever more smooth-flowing and detailed moving images?perfectly applied, in this case, to the irresistible figure of Santa Claus.
