Earthmasters: The Dawn of the Age of Climate Engineering

Dr. Clive Hamilton

Earthmasters: The Dawn of the Age of Climate Engineering Dr. Clive Hamilton

This text goes to the heart of the unfolding reality of the 21st century: international efforts to reduce greenhouse gas emissions have all failed and before the end of the century Earth is projected to be warmer than it has been for 15 million years. Hamilton explores the question, 'can the crisis be avoided?' and, ' what can be done to prevent the devastation of the living world?'.
