Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) Edited by Lawrence F. Johnsen, Donald A. Bruce, Michael J. Byle

Proceedings of the Fourth International Conference on Grouting and Deep Mixing, held in New Orleans, Louisiana, February 15-18, 2012. This Geotechnical Special Publication contains 189 peer-reviewed papers focusing on the science and technology of grouting. Papers describe advances in materials, instrumentation, control, and the basic science of grouting and deep mixing, and they lead the way to better understanding of and new applications for these technologies. Several papers focus on new developments in jet grouting and deep mixing, which are used extensively in the restoration of levee and flood control structures in and around New Orleans. Topics include: anchors and piles; cement-based grouts; chemical and other grouts; dam foundation grouting, grout curtains, and cutoffs; deep mixing methods, applications, and performance testing; grouting for seepage control; highways and transportation; jet grouting; karst grouting; levees and flood walls; low mobility grouting; mine applications; permeation grouting; performance testing; structural support; and tunneling. These papers are useful to geotechnical researchers and engineers, construction supervisors, and other professionals involved in the planning, design, and implementation of underground grouting and deep mixing programs.

From reader reviews:

Jackson Ponce:

The book Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) has a lot of information on it. So when you read this book you can get a lot of profit. The book was written by the very famous author. This articles author makes some research prior to write this book. This book very easy to read you may get the point easily after reading this book.

Zenaida Jackson:

This Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) is great e-book for you because the content which can be full of information for you who have always deal with world and have to make decision every minute. This book reveal it data accurately using great plan word or we can say no rambling sentences inside. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but hard core information with splendid delivering sentences. Having Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) in your hand like obtaining the world in your arm, details in it is not ridiculous one particular. We can say that no book that offer you world within ten or fifteen tiny right but this reserve already do that. So , this can be good reading book. Hi Mr. and Mrs. hectic do you still doubt in which?

Claudette Everett:

Do you like reading a guide? Confuse to looking for your selected book? Or your book had been rare? Why so many problem for the book? But any people feel that they enjoy to get reading. Some people likes looking at, not only science book but novel and Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) or maybe others sources were given knowledge for you. After you know how the great a book, you feel need to read more and more. Science publication was created for teacher or perhaps students especially. Those publications are helping them to bring their knowledge. In some other case, beside science guide, any other book likes Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228) to make your spare time far more colorful. Many types of book like this one.

Elda Ornelas:

What is your hobby? Have you heard which question when you got college students? We believe that that problem was given by teacher to the students. Many kinds of hobby, Every individual has different hobby. So you know that little person similar to reading or as looking at become their hobby. You must know that reading is very important as well as book as to be the thing. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You see good news or update in relation to something by book. A substantial number of sorts of books that can you decide to try be your object. One of them is niagra Grouting and Deep Mixing 2012 (Geotechnical Special Publication No. 228).
