## **Leonhard Euler and the Bernoullis: Mathematicians from Basel** M. B. W. Tent

"*Leonhard Euler and the Bernoullis* is a fascinating tale of the Bernoulli family and Euler's association with them. Successful merchants in the 16th and 17th centuries, the Bernoullis were driven out of Antwerp during the persecution of the Huguenots and settled first in Frankfurt, and then in Basel, where one of the most remarkable mathematical dynasties evolved with Jacob, Johann, and Daniel Bernoulli the most prominent among them. Euler, fortunate to have had Johann Bernoulli as a tutor, quickly rose to prominence in the academies of Berlin and St. Petersburg, and became the most prolific and profound mathematician that ever lived.

The story of these remarkable men, their great ambitions and dedication to their science-often against parental authority-is skillfully told by the author. Refreshing fictional dialogue is interspersed throughout into an otherwise accurate historical scenario. The book is intended for the young adult audience of middle school and early high school ages, but surely will also appeal to a general audience, with or without mathematical background."

--Walter Gautschi, Purdue University

### **From reader reviews:**

#### **Janet Maldonado:**

The book Leonhard Euler and the Bernoullis: Mathematicians from Basel can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the great thing like a book Leonhard Euler and the Bernoullis: Mathematicians from Basel? A few of you have a different opinion about e-book. But one aim that book can give many facts for us. It is absolutely suitable. Right now, try to closer along with your book. Knowledge or information that you take for that, you are able to give for each other; you could share all of these. Book Leonhard Euler and the Bernoullis: Mathematicians from Basel has simple shape however you know: it has great and massive function for you. You can seem the enormous world by open and read a reserve. So it is very wonderful.

#### **Karen Bell:**

Why? Because this Leonhard Euler and the Bernoullis: Mathematicians from Basel is an unordinary book that the inside of the guide waiting for you to snap it but latter it will distress you with the secret this inside. Reading this book adjacent to it was fantastic author who all write the book in such awesome way makes the content within easier to understand, entertaining way but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of advantages than the other book have got such as help improving your expertise and your critical thinking technique. So , still want to postpone having that book? If I ended up you I will go to the book store hurriedly.

#### **Alfred Stevens:**

Do you like reading a book? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many query for the book? But almost any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but also novel and Leonhard Euler and the Bernoullis: Mathematicians from Basel or perhaps others sources were given know-how for you. After you know how the fantastic a book, you feel need to read more and more. Science book was created for teacher or maybe students especially. Those books are helping them to increase their knowledge. In additional case, beside science guide, any other book likes Leonhard Euler and the Bernoullis: Mathematicians from Basel to make your spare time far more colorful. Many types of book like this one.

#### **Gale Velez:**

Publication is one of source of knowledge. We can add our information from it. Not only for students but native or citizen want book to know the update information of year to be able to year. As we know those ebooks have many advantages. Beside all of us add our knowledge, can also bring us to around the world. From the book Leonhard Euler and the Bernoullis: Mathematicians from Basel we can get more advantage. Don't you to definitely be creative people? To become creative person must like to read a book. Merely

choose the best book that suited with your aim. Don't end up being doubt to change your life by this book  
Leonhard Euler and the Bernoullis: Mathematicians from Basel. You can more desirable than now.
