The Electric Jesus: The Healing Journey of a Contemporary Gnostic Jonathan Talat Phillips

When Jonathan Talat Phillips experiences a devastating loss as a countercultural media activist, he unwittingly starts on a mystical journey marked by underground ayahuasca ceremonies, kundalini awakenings, prankster spirit guides, extraterrestrial encounters at the Burning Man festival, and miraculous energy healings that reshape his skeptical worldview. Along the way, he chronicles the rise of an international movement that is trailblazing visionary ways to address our current planetary crisis through raised consciousness.

To better understand his spiritual journey, Jonathan delves into his own Christian background, discovering the lost rites of the mystery schools. Uncovering secret “electric” meanings behind biblical symbols like the serpent, dove, and tree of life, he reveals how early Christians utilized a radical initiation process for harnessing divine energy in order to achieve gnosis, direct knowledge or experience of the divine. Jonathan suggests that these mystical symbols, which appear in spiritual traditions across the globe, offer a profound energetic roadmap and alchemical message for personal transformation, as well as a potential evolutionary shift for our world.
