Valuation and Conservation of Biodiversity: Interdisciplinary Perspectives on the Convention on Biological Diversity

Valuation and Conservation of Biodiversity: Interdisciplinary Perspectives on the Convention on Biological Diversity

The goal of this transdisciplinary book is to identify the problems and challenges facing implementation of the Convention on Biological Diversity (CBD) - from the global, regional and local points of view. The valuation and conservation of biodiversity are critical first steps necessary for the adequate protection of the environment. The authors give insights into the the influences the CBD exerts, and current trends in the field.
