What If...? Amazing Stories

What If...? Amazing Stories

Fantastical stories to spur the imagination.

What if? It's a question that is the beginning of endless possibilities. When science fiction writer Monica Hughes posed this question to a group of science fiction and fantasy writers, the result was this incredible collection of stories.

Covering the galaxy in setting and every possible emotion, these tales pose some interesting questions. What if the moon was haunted by a beautiful maiden? What if noise was forbidden and music was a crime? What if famous people were cloned over and over again? What if only you could save the world and you don't know how?
