FRAGILE: The Human Condition

Howard G. Buffett

FRAGILE: The Human Condition Howard G. Buffett

Fragile is the documentation of life stories in sixty-five countries. It is about personal accounts, some successful, some shattering. The book is an effort to move intellectual discussions to face emotional realities. It is one man's attempt to bring this reality to those who may be motivated to affect change.

It is difficult to write a book about so much that is wrong in the world—the stark truth may cause many readers to turn away, but if stories are sugar-coated, the truth becomes distorted. There is a fine balance between suffering and solutions.

With more than 440 color photographs, *Fragile* portrays the challenges of life for some four billion people on our planet. Yet it is their perseverance and determination that allows for hope, but it is a hope that can only be realized from action.

Marilyn Urquhart:

As a student exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this FRAGILE: The Human Condition can make you truly feel more interested to read.
