## **A World at Arms: A Global History of World War II** Gerhard L. Weinberg

In a new edition featuring a new preface, A World of Arms remains a classic of global history. Widely hailed as a masterpiece, this volume remains the first history of World War II to provide a truly global account of the war that encompassed six continents. Starting with the changes that restructured Europe and its colonies following the First World War, Gerhard Weinberg sheds new light on every aspect of World War II. Actions of the Axis, the Allies, and the Neutrals are covered in every theater of the war. More importantly, the global nature of the war is examined, with new insights into how events in one corner of the world helped affect events in often distant areas.
