How To Become A Wholesale Millionaire Mr. Mark E Lane

How To Become A Wholesale Millionaire is the most in depth, detailed, how-to book of it's kind. This book shows you how to easily and quickly build a market in any city all from your computer. You will learn how to find real estate agents, attorneys, title companies and your investor buyers within minutes. It provides a detailed steps on exactly how to do this as well as scripts of what to say to each person you talk to. This one-of-a-kind book also provides templates and sample contracts that you can copy from so there is no confusion on how or what to do. Possibly best of all is the detailed description on how to find the buyers, after all, these are the people that will be buying your fantastic deals. This book is centered around how to create an automated wholesale business in as many cities as you choose. You will learn how to create your business so you have dozens or hundreds of offers being made without ever writing an offer, signing your name or even looking at a house. You will learn how to build your team so 95% of your business is outsourced. And last you will learn exactly how to set up your spreadsheets so you are able to monitor your entire business from anywhere in the world. This may sound to good to be true and it almost is, but once I built this system I had more time available than ever before and I had more deals closing than ever before. I now have deals closing weekly and/or daily and my income jumped from \$10,000/ month up to \$50,000-\$70,000 per month and it grows each time I build a new market. I created this book and this system to provide a true step by step, systematic approach and to finally take all the vagueness out of real estate once and for all. I hope it blesses you as much it has me.
