Child of Atlantis: Destiny (Origins) (Volume 2) Perry L Covington

Maximus Hunter has had an eventful summer. He now knows that the mythical Empire of Atlantis is real and that the descendants of Atlantis are alive and well in the modern day world. That knowledge has come at a price. Ripped from his home and friends, he has had to endure perilous obstacles, face blood thirsty monsters, and, worst of all, endure the loss of his parents at the hands of the Fallen, a group bent on destroying the Earthborn. With a renewed sense of purpose, Max chooses to fight the Fallen, avenge his family, and help save the people of the world. Now, the Fallen seek an ancient weapon that has the potential to achieve the apocalypse that they so desperately wish for. With his friends, old and new, Max must find the weapon first and destroy it, before the Fallen claim it as their own. This quest will test his will, courage, and loyalty. With the fate of the world at stake, Max must embrace his responsibilities as the Key or all will be lost. In a race for the survival of planet Earth, time is of the essence. Tick, tock.
