Wine in the Bible: A Biblical Reference to Ancient Grape Growing and Winemaking Jabier Marquinez
Wine was an inseparable part of the ancient Israeli diet and its production was so important that farmers with active vineyards were exempt from military service. In the Bible, only water and bread are mentioned as often. In *Wine in the Bible*, Jabier Marquinez gives readers unique insight into wine's inextricable place in the lives of ancient Israelites with direct references from the Old and New Testaments, which relay such intricate details as specific vineyard practices from grafting and pruning to watering and fertilizing, ethical labor agreements with foreign vineyard workers, vineyard pests and proper abatement techniques, ancient winery technology, and the use of wine as medicine and dyes. This book is a fascinating examination of the daily lives, at work and leisure, of Biblical-era winemakers and wine drinkers.
