Yeats Folklore and Occultism

Frank Kinahan

Yeats Folklore and Occultism Frank Kinahan

This lively introduction to the poems of W. B. Yeats, first published in 1988, provides a series of intriguing new readings of his work in relation to his profound involvement with occultism and folklore. During Yeats's formative years as an artist, two compelling movements were emerging: the revivals of interest in Irish folklore and in the magical tradition. Yeats later named folklore and occultism as the chief intellectual influences on his youth, and *Yeats, Folklore and Occultism* sets out to test this claim. This is an important critical book for Yeats scholars and all those concerned with understanding of twentieth-century poetry.
