*Wayne McCormack*

## **International Criminal Law, Cases and Materials (American Casebook Series) Wayne McCormack**

This compact casebook surveys the full breadth of international criminal law rather than focusing narrowly on either violence or white-collar crime, as is characteristic of most books in the field. It deals with the complete range of harmful human behavior controlled by international norms, opening with sex trafficking and closing with internet crimes, and dealing in between with the spectrum of human violence from war crimes through terrorism and torture. Although compact (under 700 pages), it contains cases and statutes from every English-speaking jurisdiction as well as some other nations. It is easy to use this book in conjunction with online discussions and clips from movies and documentaries.
