The Charters Duology begun in *Brave Men Run* concludes as the Sovereign Era continues!

April, 1986 - On the eve of the first anniversary of the Donner Declaration, as tensions rise between humanity and the metahuman, super-powered Sovereigns, fathers and sons face desperate choices.

Nate Charters (*Brave Men Run -- A Novel of the Sovereign Era*) struggles with his increasingly tenuous control over his temper and his powers... while Andrew Charters hopes to suppress his own bestial nature to help his distant son.

Sovereign Byron Teslowski trains to join the Sovereign defense force, but a fiery new friend forces him to question his loyalties... and Marc Teslowski, desperate to bring his family back together, falls in with the charismatic leader of an anti-Sovereign militant group.

As Sovereigns the world over converge on the Donner Institute for Sovereign Studies, Nate, Andrew, Byron, and Marc find their paths lead there as well. Will the machinations of enemies and allies tear them violently apart on Declaration Day?
