For the littlest scientists, the whole wide world can be a laboratory for learning. Nurture their natural curiosity with this treasury of 89 hands-on science activities specifically for children ages 3 to 6. In addition to clear background and a helpful materials list, you get step-by-step procedures and help preparing for comments and questions children may pose. Each activity ends with a reproducible Family Science Connection---in both English and Spanish---to send home so the whole family can share a learning experience that's both simple and pleasant.
