## **Cases and Materials on Torts (Textbooks) Geoffrey Samuel**

This new cases and materials book is a vital link between the lecture hall, the physical and electronic libraries, and the factual situations that create tort litigation. Recognizing the conceptual and functional difficulties associated with the law of tort, this text puts the emphasis on problem-solving and method and covers the most important areas in a concise and focused way. Further, it demonstrates the growing influence of European law. Each section is introduced and linked to the next by an author's note, followed by questions to prompt reflection and suggestions for further reading.
