Updated guidance on how to take advantage of the newest features of SharePoint programmability

More than simply a portal, SharePoint is Microsoft's popular content management solution for building intranets and websites or hosting wikis and blogs. Offering broad coverage on all aspects of development for the SharePoint platform, this comprehensive book shows you exactly what SharePoint does, how to build solutions, and what features are accessible within SharePoint.

Written by a team of SharePoint experts, this new edition offers an extensive selection of field-tested best practices that shows you how to leverage the vast power of this multi-faceted tool to build custom workflow and content management applications. Plus, you'll discover how to take advantage of the new features to roll out new SharePoint sites or upgrade existing sites.

- Keeps you thoroughly up to date on all the most recent changes to SharePoint 2010
- Reveals broad and deep coverage of social media features, content management applications, enterprise search, business connectivity services, user experience development, and custom workflow
- Examines SharePoint Server 2010 vs. SharePoint Foundation Server
- Highlights ways you can take advantage of improvements to offline and mobile client capabilities, improvements to SQL Server table support, Cloud-based offerings with Azure integration, social networking additions, and more

Professional SharePoint 2010 Development, Second Edition presents you with authoritative coverage on all aspects of development for the SharePoint platform.

From reader reviews:

Jodie Kahl:

Information is provisions for anyone to get better life, information presently can get by anyone from everywhere. The information can be a understanding or any news even a huge concern. What people must be consider if those information which is inside former life are challenging be find than now is taking seriously which one is suitable to believe or which one the resource are convinced. If you receive the unstable resource then you buy it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take Professional SharePoint 2010 Development as the daily resource information.

Harold Dalton:

Reading a reserve tends to be new life style with this era globalization. With studying you can get a lot of information that will give you benefit in your life. Using book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or perhaps their experience. Not only the story that share in the publications. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors in this world always try to improve their proficiency in writing, they also doing some analysis before they write for their book. One of them is this Professional SharePoint 2010 Development.

Ella Straw:

A lot of people always spent their particular free time to vacation or maybe go to the outside with them loved ones or their friend. Do you know? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. If you would like try to find a new activity this is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you just read you can spent the entire day to reading a guide. The book Professional SharePoint 2010 Development it is rather good to read. There are a lot of people who recommended this book. These were enjoying reading this book. In case you did not have enough space to develop this book you can buy typically the e-book. You can m0ore effortlessly to read this book from a smart phone. The price is not to cover but this book has high quality.

Julio Canfield:

Playing with family in the park, coming to see the sea world or hanging out with pals is thing that usually you may have done when you have spare time, and then why you don't try factor that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Professional SharePoint 2010 Development, you may enjoy both. It is excellent combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout men. What? Still don't obtain it, oh come on its known as reading friends.
