The fascinating phallus: Undressed to impress

After the bust out success of *The Big Book of Breasts* TASCHEN presents the perfect companion, *The Big Penis Book*.

When it comes to pleasure, size doesn't matter; as we all know it's quality, not quantity, that counts. But let's admit it: a big penis is undeniably compelling. Big shoulders, big lapels, and big hair may come and go, but the big penis never goes out of fashion. With those possessing more than 8 inches (20 cm) making up less than 2% of the world's population, this rare accessory will always fascinate.

In *The Big Penis Book* we explore the centuries-old fascination with the large phallus, a fascination common to men and women alike. This hefty book is **profusely illustrated with over 400 historic photos of spectacular male endowments, including rare photos of the legendary John Holmes**. The majority of the photographs are from the 1970s, when the sexual revolution first freed photographers to depict the male entirely nude. Photographers include Bob Mizer of **Athletic Model Guild**, David Hurles of **Old Reliable, Colt, Falcon, Sierra Domino, Third World, and Champion Studios**, with each of these iconic photographers interviewed or profiled, along with information about each of their models. And if this isn't enough, **the book closes with a special surprise** comparable to the Guinness Book of Records' Norma Stitz featured in *The Big Book of Breasts*! Can you guess what body part Dian is dissecting next?
