The Status of the Gas Producer, and of the Internal-Combustion Engine in the Utilization of Fuels (Classic Reprint) Robert Heywood Fernald

Excerpt from The Status of the Gas Producer, and of the Internal-Combustion Engine in the Utilization of Fuels

The investigations promise to yield a highly important result - the development of greater efficiency in the use of all fuels. This result is of especial importance for States remote from coal supplies.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
