Dr. Michael A. VanPutte

Walking Wounded: Inside the U.S. Cyberwar Machine Dr. Michael A. VanPutte
Forget everything you know about crime, war and espionage in cyberspace. Walking Wounded takes the layman to seasoned professional on an insider's journey through the secret history, technologies, and strategies surrounding war and espionage in cyberspace. Walking Wounded is not another hacking book. It takes the reader behind the scenes and recounts the story of the Pentagon's love affair with technology, and how this reliance makes them vulnerable to hackers. It explains how foreign intelligence services, criminals, and amateur hackers have compromised our sensitive systems for three decades, while our government hackers are running rampant through foreign information systems. And it explains how our national policies have made us all less secure. Walking Wounded gives the reader the tools to get beyond the hype, mythologies, and marketing and understand what President Obama called, "The most serious threat to out national security."
