Jeffrey was a happy, content little boy, until the day he stumbled upon the greatest mystery of all...THE STORY OF HIS BIRTH! Now, join him and his family as they travel through Jeffrey's imagination: battling giant robots, discovering slimy aliens and uncovering magical gingerbread men...all while trying to uncover where it is Jeffrey actually came from. Board-certified pediatrician Dr. Greg Marconi and Michael Marconi have crafted a funny, exciting, and heartwarming story that will give children a satisfying answer to the question: "Where did I come from?" years before they are ready to learn about the facts of life.

Parents who are not ready to get into the nitty gritty details of baby making will like "We Made You Out of Love", which offers a new and imaginative way of introducing the story of the "birds and the bees" and "the stork" to a whole new generation of children.

The book gives children ages 2 & up age-appropriate, non-sexual explanations for the never ending stream of questions that tend to begin around pre-school. For younger children the book answers many questions they may have, but not deal with topics they're not old enough to comprehend. For older children, "We Made You Out of Love" is a great way to broach the subject of reproduction, and it allows individual parents to decide how much or how little of the technical details they feel their child is ready for.

"We Made You Out of Love" is filled with breathtaking artwork, comedic situations and it combines the perfect amount of information and entertainment woven into a truly heartwarming story. "We Made You Out of Love" is the perfect story and learning tool for all families, one that children are going to want to read again and again...for years and years to come.
