Good stories come from bad decisions, and in the techno world we inhabit, our cars tell them like nothing else. "It Came With Oil" is a euphemism for that jumping-off point from which we all leap when we want to learn the Art of Repair. By the chronicle of a young man's adventures in auto-repair-shop antics, road-trips, and with those peculiar but loveable British cars, an amusing backdrop is painted for invaluable lessons in automobile use and repair that all enjoy. This collection of true car-stories ranges everywhere from an explosion in a row of old English sports cars to tow-truck drivers' fears, from diagnostic technique to work habits, from race cars to motorcycles to lovers. This fun and practical look inside the journey from mending, toward repair, strikes a happy, meaningful, and lasting chord.
