The end begins tomorrow.

A government big enough to give you everything you want, is strong enough to take everything you have.

~ Thomas Jefferson

Martial Law is a prophetic and prescient novel by author Bobby Akart. The Boston Brahmin series continues as much of America is thrust into bedlam and upheaval following a vicious cyber attack on the country's critical infrastructure.

A President, with an election looming as his second term nears an end, conspires with the wealthy and politically powerful Boston Brahmin to bring the country to its knees. While ordinary Americans struggle for survival, others demand answers. A centuries old cadre of Bostonians with roots dating back to the Founding Fathers, are forced to face the tough questions including:

Is this the result of a false flag, or is it for the greater good?

Political suspense collides with post-apocalyptic thriller fiction as **Martial Law**, book three in **The Boston Brahmin** series reveals that all empires collapse eventually and that there have been no exceptions.
