About This Book

- Get your dream project up and running by building exceptional MeteorJS applications in a matter of days
- Learn how to integrate other JavaScript frameworks into your MeteorJS project and become an expert in full-stack development
- Go beyond coding and learn how to make modern design decisions – from mobile design to SEO – that drive great user experiences

Who This Book Is For

If you've already had some experience with MeteorJS but want to learn how to build even better modern web applications, this book has been created for you. It provides you with a comprehensive look at one of the most important frameworks being used on the web today.

What You Will Learn

- Get to grips with the basics and learn how to build a complete real-time application with MeteorJS
- Find out how MeteorJS makes full-stack development simple – become a better developer, fast
- Find out how to write custom packages for applications – so you can build your project exactly how you want
- Integrate React.js and Angular.js into your project
- Design and develop high quality animations that will give your UI the edge
- Build MeteorJS to serve as a REST-based application and reactive system
- Learn how to host a MeteorJS application and then scale it for data
- Learn how to make sure you implement an effective SEO strategy in your MeteorJS application

In Detail

Mastering MeteorJS Application Development shows you how to do even more with MeteorJS – if you're ready to try a comprehensive course through one of the most exciting frameworks in web development today, this is the book you need.

You'll not only learn how MeteorJS makes Web development easier, but also how you can make using MeteorJS easier by automating and simplifying tasks so you can be confident you have full control of everything in your workflow – especially everything that could go wrong. With further insights on developing for mobile – and how MeteorJS can help you tackle the challenges of the trend – and details on incorporating SEO strategies into your application, this book isn't just a code tutorial – it's about creating a product that users love.

Charles Bryce:

Spent a free a chance to be fun activity to accomplish! A lot of people spent their down time with their family, or their friends. Usually they doing activity like watching television, likely to beach, or picnic from the park. They actually doing same task every week. Do you feel it? Would you like to something different to fill your free time/ holiday? Could be reading a book could be option to fill your cost-free time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to try look for book, may be the book untitled Mastering MeteorJS Application Development can be fine book to read. May be it might be best activity to you.

Micheal Goggin:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Mastering MeteorJS Application Development can make you sense more interested to read.
