An official publication of the International Transplant Nurses Association, the updated Second Edition provides a guide to safe and effective care for solid organ transplant recipients worldwide. It includes coverage of the unique requirements of each organ transplanted, with separate chapters for heart, lung, kidney, liver, small intestine, and pancreas/islet cell transplantation. Other chapters cover important topics that affect all organs, such as immunology, infections, pharmaceutical agents, and patient education and discharge planning. The Core is an ideal review and study guide for the solid organ.
