Modaris & Diamino for Apparel Design Catherine Black

A step-by-step guide to Lectra System's two related software programs, *Modaris and Diamino for Apparel Design* gives students and professionals working in apparel design and product development the technical know-how they need to succeed. Modaris is used for all phases of pattern development, including pattern manipulation, drafting, and grading. After the patterns are created, they are transferred to Diamino, the marker-making program. Together these programs create the final project.
