Contained in this work is a collection of Haikus with a flair for our intellect. Accessing the build was done with a sense of fantasy of my unestablished potential and my ambition to reach my level of approval--hence a paradigm of reality and the unattained. The stress created with time with my effort to describe thought synopses in brief haiku form was like an Oracle generated by man and the immortal divine. I felt that I was formulating a prototype of scripture that would leave a signature into literature that stamps into history the nature of human proliferation. I am hoping this book enables you to further understand the schizophrenic mind as you compare yours with inquiry.
