**Blank Panels for Comics & Cartoons: 3 Flexible Panels - A Customizable Sketchbook with Dot Guides for Kids & Adults** is a blank comic book printed double-sided on 8.5" x 11" paper. It has 132 pages with 3 blank horizontal panels which can be subdivided into smaller sections for images or text using the dotted border as a guide. This book can also be used in landscape mode if vertical panels are preferred.

This adaptable, multi-purpose three-panel sketchbook book can be easily transformed into a custom design and enjoyed by adults and children of all ages. Have fun creating your own unique illustrated journals and notebooks, classic comics, manga, cartoons, graphic novels and stories, or use it for other image and text-based arts & crafts design projects. The pages are fully-customizable - align the dotted borders guides with a ruler and draw your own unique layout of panel shapes and sizes – each page can be completely different! For larger text sections, use the dot guides to draw lines to keep the writing neat and tidy (use pencil and erase the lines later). This book is great for homeschooling and also for kids' activities, especially in the school holidays or on rainy days. All you need to create something unique is a pencil, a ruler and your imagination!

Other blank comic page layouts are available in the Arty Outlines book series ([artyoutlines.com](http://artyoutlines.com)), including a template with six 3-inch squares, and also another customizable option with full-page panels.
