Deleuze and the Body (Deleuze Connections EUP)

Deleuze and the Body (Deleuze Connections EUP)

A collection of essays on the approaches and applications of Deleuze's philosophy to the body. Using a variety of contemporary cultural, scientific and philosophical lines of enquiry, the contributors produce a truly multidisciplinary view of the Deleuzian body, inviting us to look afresh at art, movement and literature. The Deleuzian body is not necessarily a human body, but the lines of enquiry here all illuminate the idea of the human body and thinking about formation, origins and becoming in relation to power, creativity and affect.
