Sociology of Families: Change, Continuity, and Diversity

Teresa Ciabattari

Sociology of Families: Change, Continuity, and Diversity Teresa Ciabattari

The family patterns seen in recent decades—cohabitation, divorce, nonmarital childbearing, same-sex marriage and childrearing—can seem like radical changes from the past. But upon closer examination, many are consistent with broader trends that have been going on for centuries. **Sociology of Families: Change, Continuity, and Diversity** considers this tension between change and continuity, situating families in a social, historical, and economic context, and emphasizing how these contexts create family diversity and inequality. By incorporating diverse family structures into each chapter, author Teresa Ciabattari has written a text that challenges idealized assumptions about how families should be, and instead explores the complex realities of how families actually are.
