Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series Kuang-Hua Chang

This is one book of a four-part series, which aims to integrate discussion of modern engineering design principles, advanced design tools, and industrial design practices throughout the design process. Through this series, the reader will:

- Understand basic design principles and modern engineering design paradigms.
 - Understand CAD/CAE/CAM tools available for various design related tasks.
 - Understand how to put an integrated system together to conduct product design using the paradigms and tools.
 - Understand industrial practices in employing virtual engineering design and tools for product development.
-
- Provides a comprehensive and thorough coverage on essential elements for product performance evaluation using the virtual engineering paradigms
 - Covers CAD/CAE in Structural Analysis using FEM, Motion Analysis of Mechanical Systems, Fatigue and Fracture Analysis
 - Each chapter includes both analytical methods and computer-aided design methods, reflecting the use of modern computational tools in engineering design and practice
 - A case study and tutorial example at the end of each chapter provide hands-on practice in implementing off-the-shelf computer design tools
 - Provides two projects at the end of the book showing the use of Pro/ENGINEER® and SolidWorks® to implement concepts discussed in the book

From reader reviews:

Bradley Loy:

In this 21st one hundred year, people become competitive in each and every way. By being competitive today, people have to do something to make them survive, being in the middle of typically the crowded place and notice simply by surrounding. One thing that sometimes many people have underestimated that for a while is reading. Yeah, by reading an e-book your ability to survive boosts then having a chance to stay than other is high. To suit your needs who want to start reading a new book, we give you this Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series book as a starter and daily reading reserve. Why, because this book is usually more than just a book.

Linda Amato:

Reading a guide tends to be a new life style in this particular era of globalization. With studying you can get a lot of information that may give you benefit in your life. Having a book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Many authors can inspire all their readers with their story or even their experience. Not only the storyline that shares in the publications. But also they write about the ability about something that you need, for example, how to get a good score on TOEFL, or how to teach your young ones, there are many kinds of books that you can get now. The authors these days always try to improve their proficiency in writing, they also do some investigation before they write on their book. One of them is this Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series.

Alan Trevino:

Your reading sixth sense will not betray anyone, why because this Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series guide written by a well-known writer who really knows well how to make a book that may be understood by anyone who has read the book. Written with good manner for you, dripping every idea and writing skill only to eliminate your own personal hunger then you still have skepticism. Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series is a good book not only by the cover but also by the content. This is one book that can break don't judge a book by its cover, so do you still need another sixth sense to pick that!? Oh come on your reading through sixth sense already alerted you so why you have to listen to an additional sixth sense.

Regina Wingler:

Many people spend their time period by playing outside along with friends, fun activity having family or just watching TV all day every day. You can have new activity to fill out your whole day by studying a book. Ugh, do you consider reading a book will surely be hard because you have to accept the book everywhere? It's alright you can have the e-book, delivered everywhere you want in your smart phone. Like Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series which is

getting the e-book version. So , try out this book? Let's see.
