The History of the Albigensian Crusade W.A. Sibly, M.D. Sibly

The *Historia Albigensis* is one of the most important sources for the history of the Cathar heresy and the Albigensian crusade. This new translation makes the work available in English for the first time. The *Historia* was written between about 1212 and 1218 by Peter, a young monk at the Cistercian abbey of les Vaux-de-Cernay, where his uncle Guy was abbot. Guy took part in the preaching mission against heresy in 1207 and later played an important part in the crusade and became bishop of Carcassonne. Peter several times accompanied his uncle, and not only met those involved in the crusade, but himself witnessed many episodes. The *Historia* thus contains a wealth of firsthand detail about the personalities and events of the crusade, and about contemporary warfare. An introduction and extensive notes draw on other contemporary sources and on recent scholarship; nine appendices range from the policies of Innocent III to the technical terms used to describe fortifications, also providing translations of other important contemporary sources.
