Guide to Post-Earthquake Investigation of Lifelines (Technical Council on Lifeline Earthquake Engineering, Monograph No. 3, August, 1991)

Guide to Post-Earthquake Investigation of Lifelines (Technical Council on Lifeline Earthquake Engineering, Monograph No. 3, August, 1991)

This training guide seeks to eliminate deficiencies in the process of post-earthquake investigation of lifelines and attempts to gather material to meet certain objectives: providing information so that an investigator will be familiar with overall operation of major lifeline systems function, operation and past seismic performance of facilities and equipment. It also provides guidance for methods to gather pertinent information and a means for improving the process.
